General donations to RSVP

Senior isolation and loneliness are serious issues in our community. RSVP helps seniors remain independent for as long as possible by providing free rides for the necessities of life including medical appointments and grocery stores. Additional benefits include increasing socialization, preventing isolation, loneliness, and providing seniors with valuable connection to our community. Studies have shown that volunteering works to improve long term memory by providing connection to others and improves socialization that may decrease depression and anxiety for our aging population.

RSVP currently assists more than 350 Rock County residents who are in need of transportation assistance.

RSVP also partners with the local school districts to provide intergenerational programs supporting youth in our community. Volunteers provide mentorship and tutoring to elementary students through education in literacy and math.

We partner with over 30 organizations in our community, ensuring they have volunteers to support their efforts.

You can make a difference. If you would like to give a general donation to RSVP, please click on the link below to donate through our website. Thank you for your contribution!
